

PAYROLL SERVICES FROM A SOURCE YOU KNOW AND TRUST

Sage Software Announces Payroll Services for MAS 90/200 and Abra

If you have considered outsourcing payroll as a viable option for your organization, or are currently using an outsourced payroll services provider, you'll be interested in learning about Sage Payroll Services, **a full-service online payroll solution that integrates seamlessly with Sage MAS 90, Sage MAS 200 and Sage Abra HRMS.**

Why choose Sage Payroll Services when there are several other service bureaus out there? Because Sage Payroll Services provides the full functionality of other traditional service bureaus, but with **unique advantages** designed specifically to address the needs of businesses like yours. Some of the advantages of Sage Payroll Services:

- **Integration** - Sage Payroll Services integrates with the MAS 90/200 General Ledger module and also with the Sage Abra HRMS Solution. The screens are also formatted to match your application to make the learning curve easier (can be either MAS 90 or Abra).
- **Perform Your Data Entry Tasks Online, Anytime** - Sage Payroll Services is available 24 hours a day, 7 days a week via a secure online network. Whether you are at work, on the road, or at home, you can complete payroll processing and have access to vital data with nothing more than an internet connection.
- **Pricing** - the pricing for Sage Payroll Services is very competitive and has been as much as **20% less expensive than similar services provided by ADP or similar.**
- **Payroll Your Way** - With Sage Payroll Services, you can elect to outsource any or all of your payroll responsibilities. Whether you wish to **outsource just tax reporting or W-2 printing** and handle general payroll processing in-house, or decide to outsource the full range of processes, you are ensured high quality, worry-free service.
- **And many, many more features, including:** Real time Payroll processing, easy access to dozens of reports, flexible check distribution, W-2 Services, and Direct Deposit.

Sage Payroll Services is easy to implement - all you need is a PC and a high-speed Internet connection. And with **Sage Payroll Services Penalty-Free Guarantee**, you can't go wrong.
